

# **Fieldwork Recording Sheet**

Date	
Parish/Village	
Name(s) of recorder(s)	
Contact Email/Telephone	

#### **Path Location**

Please **EITHER** provide grid references (in the format TG123123) for the start and end point of the path surveyed **OR** attach a map with paths clearly marked.

Grid ref start	Path number on attached map	
Grid ref end		

### 1. Physical Character

#### **Boundaries**

Is the path/lane bounded on both sides by a hedge or ditch? (please tick all that apply).

Hedge		Ditch	
Both sides	One side	One side	Both sides

#### **Erosion**

If the path/lane is sunken please estimate the depth below surrounding land.

Depth (cm)	

#### Width

Estimate the width of the path/lane in metres. If the width changes dramatically along the course of the path/lane please indicate in a sketch.

Width (m)	
-----------	--

#### **Cross section**

Please sketch a cross section of the path/lane

For paths of varying character please indicate which part of the path the sketches refer to.

If you need additional space for sketches and notes please attach additional sheets.

Notes and Sketches	

Date
